Re: U.S. vs Quemetco, Inc. and RSR Corp.
Case No. CV 86-6644 RSWL (JRX)
Consent Decree Activities Schedule

Dear Mr. Dumas:

As agreed during our August 24, 1993 telephone conversation, this letter confirms that the due date for the Phase 2 Groundwater Monitoring Plan (GMP) is October 25, 1993. This due date is based on the accelerated schedule of Consent Decree activities agreed upon by EPA and RSR in the agreement letter dated July 21, 1993 from Karen Goldberg to John Mueller and Lynn Bergeson and accepted by John Mueller on July 26, 1993.

As we discussed, I have enclosed standard Scopes of Work (SOWs) that the RCRA Corrective Action program has developed for various corrective action deliverables. In particular, Attachment 3, the "SOW for a RCRA Facility Investigation", may be a useful guidance in preparing the Phase 2 GMP. Also, Attachment 2, Part A, of the "SOW for Interim Measures Implementation" should be used to guide the preparation of the Interim Measures Plan for the "Raw Materials Storage Area" due on January 31, 1994. If you have any questions or comments, please do not hesitate to call me at (415) 744-2039.

Sincerely,

A handwritten signature in dark ink, appearing to read "Frank Gardner", is written over a horizontal line.
